

BUILDING SCIENCE SPECIALIST WANTED!

- Do you love all things related to building science and energy efficiency?
- Do you wow your friends and family by energy modelling their home to show them ways of making it more sustainable and environmentally friendly?
- Do you know the energy-related ins and outs of the National Building Code of Canada and the National Energy Code of Canada for Buildings?
- Can you explain the finer details of how a building's mechanical systems work?
- Have you ever purchased a thermographic camera or blower door "just for fun"?

If you answered yes to most of these questions, you may be just the technical building science expert we're looking for!

We're looking to add a part-time team member to the Vereco Smart Green organization who has a keen interest in climate change adaptation and mitigation, improving our environment, and respecting Mother Earth.

As the ideal candidate, you will:

- be proficient in using HOT2000 and Passive House Planning Package (PHPP) for energy modelling;
- have a technical, business, or engineering post-secondary education;
- have project management experience;
- have an understanding of building operations and construction economics;
- have some knowledge of LEED and Zero/Low Carbon Buildings;
- be registered/trained as an Energy Advisor with NRCan or be willing to complete the training;
- be able to find your way around programs like MS Office 365, AutoCAD, Revit, Archicad, Google Sketchup, and Google Layout.

This position offers flexible part-time work hours, the option to work from home (out-of-province candidates (within Canada) may also be considered), occasional quality assurance energy audit opportunities, and exciting training opportunities in building science.

This position will be eligible for our company bonus structure, and will give you the opportunity to join a 100% Indigenous-owned Saskatchewan company working hard to keep our planet a "Smart Green" place to live, work, and play.

JOIN THE VERECO SMART GREEN TEAM!

PLEASE SEND YOUR RESUME AND A COVER LETTER TO VERECOADMIN@VERECO.CA
